

EnCap Investments L.P.
2024 Investor Conference

Upstream Business Session
October 29, 2024

CONFIDENTIAL

This Presentation (the “Presentation”) has been prepared by EnCap Investments L.P. (“EnCap”) and is being delivered on a confidential basis in connection with EnCap’s annual Investor Conference for informational purposes only to current investors in existing EnCap funds. The information contained in the Presentation is confidential and its treatment is governed by the terms of the operating agreements of the applicable EnCap fund. Any reproduction or distribution of the Presentation, in whole or in part, or the disclosure of any portion of its contents, without the prior written consent of EnCap, is strictly prohibited. By accepting delivery of the Presentation, each recipient agrees to the foregoing and acknowledges on behalf of itself and its affiliates the following restrictions, limitations and qualifications.

The distribution of the Presentation does not constitute an offer to sell or a solicitation of an offer to buy interests in any fund managed or sponsored by EnCap and shall not be deemed to be any such offer or solicitation. Any such offer or solicitation will be made only pursuant to a confidential private placement memorandum of such fund, which will describe the terms and conditions of an investment in such fund, certain risks related to an investment in such fund, and set forth such fund’s subscription documents.

Certain information contained herein has been obtained from published or unpublished sources prepared by other parties not affiliated with EnCap. Neither EnCap nor its affiliates have verified any finding in the information attributed to a third-party herein and recipients of the Presentation should make their own independent investigations and evaluations of any such information. Any projections, forecasts and estimates and illustrative case studies contained in the Presentation are necessarily speculative in nature and are based upon certain assumptions, and are provided for illustrative purposes only. It can be expected that some or all of such assumptions will not materialize or will vary significantly from actual results. Accordingly, any projections are only estimates and actual results will differ and may vary substantially from the projections or estimates shown. EnCap expressly disclaims any representations or warranties as to, the projections, forecasts, estimates and case studies contained in the Presentation.

Past performance is not indicative of future results. There can be no assurances that any EnCap fund will achieve its objectives or avoid losses. Market conditions and legal and contractual restrictions may limit the liquidity of investments. Accordingly, actual realized returns on investment may differ materially from the values indicated herein.

Unless otherwise noted, all references to internal rate of return represent gross internal rate of return (“IRR”), and references to return on investment represent gross return on investment (“ROI”), in each case as further described in the following paragraph. Gross performance information does not reflect management fees, carried interests and other fees and expenses borne by investors in a fund, which will reduce returns and in the aggregate are expected to be substantial.

Gross IRR is calculated on the basis of the actual timing of investment inflows and outflows, aggregated monthly, and the return is annualized, without giving effect to carried interest, management fees, and other expenses of the type that would be borne by a fund’s investors. Gross ROI is calculated as total realized proceeds and unrealized values (if applicable) without giving effect to management fees, carried interest, and other fees or expenses of the type that would be borne by a fund’s investors, divided by the total capital invested. Net IRR/ROI are calculated after taking into account management fees, carried interest, and fund expenses and will be lower than the gross IRRs and gross ROIs, respectively.

Certain information contained in this Presentation includes forward-looking statements. Forward-looking statements, which involve assumptions and describe the future plans, strategies or expectations of the management of EnCap, are generally identifiable by use of the words “will”, “shall”, “may”, “should”, “expect”, “anticipate”, “estimate”, “believe”, “intend”, “plan” or “project” or the negative of these words or other variations on these words or comparable terminology. Actual results, performance, liquidity, financial condition, prospects and opportunities may differ materially from those expressed in, or implied by, these forward-looking statements as a result of various risks, uncertainties and other factors. Except as expressly required by the federal securities laws, there is no undertaking to update or revise any forward-looking statements, whether as a result of new information, future events, changed circumstances or any other reason.

The statements made in the Presentation are as of the date on the cover and EnCap does not undertake any obligation to update the information contained herein or the assumptions on which such information was based in light of later events, developments or circumstances. EnCap and its affiliates make no representations or warranties, express or implied, as to the accuracy or completeness of any information contained in the Presentation and expressly disclaim any responsibility or liability for any loss or damage suffered or incurred by the recipient or any other person or entity (whether direct, indirect, consequential, reasonably foreseeable or otherwise) however caused (including but not limited to negligence) in connection with the information contained herein or the authenticity, accuracy, or completeness of such information. The recipient hereby acknowledges EnCap’s disclaimer of liability and on behalf of itself and its affiliates expressly releases EnCap and its affiliates and representatives, from any liability, loss or damage.

EnCap reserves the right to request the return or destruction of the Presentation at any time, and each recipient thereof agrees to return or destroy these materials immediately upon such request.
